Football Coaches

On behalf of the newly appointed Football Committee of TAPPS, we would like to thank all of our TAPPS football coaches for a great turnout to the January 23 meeting held in Waco. We appreciate the well-thought-out comments and concerns addressed by many of our coaches that afternoon. The committee will meet on Feb 12 to discuss and discern what was presented. Detailed notes of the meeting have been distributed and all items discussed will be reviewed. A summary document of items discussed is attached to this email. Careful consideration will be given to those issues that came up repeatedly throughout the input session. The three most recurring topics were (1) the number of divisions in 6-man; (2) division 5 in 11-man; and (3) the six quarter rule.

Our committee roster is listed below. If you have any further concerns, do not hesitate to contact us by clicking [HERE](#). Additionally, we may follow up with our speakers for clarification as needed.

Thank you again for your willingness to help improve what we are doing in TAPPS. We look forward to reporting back to you as we move forward.

Sincerely,

TAPPS Football Committee
