

## Art and Academics On-Site Photo Contest

Students:

Four images per student per category. Post your images with the hashtag for the category you are entering (either #TAPPSartacc20 or #TAPPSopen20) along with your name and your school name. Only posts on publicly visible accounts will be judged. Students may use their own account or a teacher or friend may post the entry for them. You may make as many posts as you need. Do not combine categories in one post. Images must be the work of the student or faculty participant and must be made during the timeframe of the contest. You are free to use any camera or post-production process available to you, including cell phone cameras and cell phone editing apps.

One hashtag for each category

#TAPPSartacc20 - tell the story of the convention itself

#TAPPSopen20 - open category, anything you want

#TAPPSfaculty20 - open to faculty at the event. Any subject or theme.
