

Purpose:

To provide as safe an environment for our student athletes and stakeholders as possible while hosting championship events.

Goal:

To host a championship tournament to a successful conclusion in the pandemic time.

Protocols:

- **Host Facility**
 - TAPPS will review and comply as possible with the guidelines presented by each host facility.
- **General TAPPS Guidelines**
 - TAPPS requires all parties to attest to COVID parameters
- **Documentation:**
 - Staff will daily attest compliance of the conditions outlined herein
 - Coaches will attest to compliance of the conditions outlined herein
 - Spectators will “purchase” an online ticket for the day. Redemption of the ticket will attest to compliance of the conditions outlined herein.
- **Specific Protocols:**
 - **Course Areas:**
 - Clubhouse
 - Masks are required
 - No large groups shall be in the clubhouse
 - Driving Range
 - Masks are required
 - Socially distance as possible

 - Masks are required when not socially distanced
 - Socially distance as possible throughout the round
 - Golf Carts

- Masks are required when not socially distanced or riders are not from the same group.
- Students shall not be shuttled unless required due to weather or other such circumstances
 - If shuttled, all persons in the cart shall wear masks
- **Food / Meals**
 - On Course
 - Teams shall be allowed to place coolers or other such containers for consumption by only their team members
 - Clubhouse
 - Pre or post round meals by the host facility shall be at the determination of the facility
 - “Boxed” meals with sealed drinks are preferred
 - If not boxed meals, then the meals shall be served by host staff and not a self serve or buffet style meal.

TAPPS Stakeholder Acknowledgment Information:

All persons at any TAPPS events shall self-screen for COVID-19 symptoms before participating in TAPPS activities or entering areas where TAPPS activities are being conducted. The self-screening shall include, at a minimum, a positive affirmation that:

- 1) they do not have COVID-19 symptoms;
- 2) nor are they lab-confirmed with COVID-19;
- 3) nor have they had close contact with an individual who is lab-confirmed with COVID-19.
