Administrators, Athletic Directors and Fine Art Directors:

The district assignments for the 2022-24 Alignment Cycle were developed from the Intent to Participate Forms provided by member schools. As you review the information, if you find your school is not in an activity you desire or are in one that you do not wish to participate in, please complete the appropriate form linked on the Alignment Page on the TAPPS website.

Thank you for your assistance in making sure that we represent your school in the desired activities. The TAPPS office is ready to assist should questions arise. Please contact our office at 254-947-9268 or by email at info@tapps.biz.

For the Board,

A handwritten signature in black ink that reads "Bryan Bunselmeyer".
