

October 29, 2021

Administrators and Directors

The alignment process for the coming two year cycle, 2022-24, continues with the release of the information found on the TAPPS website's Alignment Page. The quick link is located on the home screen - Alignment 2022-24. The alignment process followed the guidance that is provided in the TAPPS By-Laws.

The **OVERALL ALIGNMENT** for all activities was developed from the enrollment figures submitted on the enrollment snapshot days of September 2020, November 2020, January 2021 and the fall in September 2021. The enrollments were totaled and averaged with the September 2021 enrollment weighted three times. The averages were then ranked and determination made for classification cutoff lines.

In many activities, the level of participation varies from school to school. In review of the participation the last few years, **FINE ART DIVISIONS** were established for certain activities. These activities include Cheer, Dance, Music - Band, Music - Orchestra, Music - Vocal, and One Act Play. These divisions are reflected in the posted documentation for the 2022-2024 alignment cycle.

For the Board,

A handwritten signature in black ink that reads 'Bryan Bunselmeyer'.

Bryan Bunselmeyer
Executive Director
