Dear Members of the Hiring Committee,

I am excited to express my interest in athletic leadership opportunities within the Texas Association of Private and Parochial Schools (TAPPS) network. With extensive experience in both high school and collegiate athletics, I have dedicated my career to building strong, competitive programs while fostering the personal growth and success of student-athletes. As I look to relocate between Austin and Dallas to be closer to family, I am eager to bring my leadership, organizational expertise, and passion for athletic development to a school that values excellence in academics and athletics.

Currently, I serve as the Athletic Director at Highlands Latin School, where I oversee all aspects of the school's athletic programs, including program development, scheduling, budgeting, and facility management. In this role, I have worked to expand athletic offerings, improve student engagement, and align the athletic program with the school's mission and academic priorities. Additionally, I have been instrumental in hiring and mentoring coaches who share a commitment to developing well-rounded student-athletes.

Throughout my career, I have worked in a variety of athletic settings, from elite independent schools to nationally recognized high school programs. At Sacred Heart Academy—one of the most competitive high school athletic departments in the country—I contributed to the development and management of championship-caliber teams across multiple sports. Additionally, as Assistant Athletic Director at Kentucky Country Day, an elite independent school, I played a key role in overseeing program operations, coach mentorship, budgeting, and student-athlete development.

Beyond the high school level, I founded and coached the lacrosse program at Georgetown College, where I led the team to multiple national tournament appearances, coaching 22 All-Americans, 20 Academic All-Americans, and multiple national award winners. This experience reinforced my belief in the importance of providing student-athletes with the resources and support necessary to reach their full potential—both in competition and in life.

My leadership philosophy is rooted in creating an environment where student-athletes grow through discipline, teamwork, and commitment. I have experience in managing large-scale athletic programs, overseeing scheduling, facility improvements, and compliance with state and conference regulations. Additionally, I am skilled in fundraising, community engagement, and the strategic development of athletic programs that align with a school's broader mission.

I would welcome the opportunity to discuss how my experience and vision for athletic excellence align with the needs of your school. Please let me know a convenient time to connect. Thank you for your time and consideration—I look forward to the possibility of contributing to your community.

Sincerely,
Brandon J Davis
