

## **DEC Organizational Meeting**

Sept. 4, 2025

## **Athletic Directors:**

With the 2025-26 school year in full swing, it is also time to turn our attention to the 2026-28 alignment. The alignment will not become official until after November 1, but districts will need to meet shortly thereafter to plan for the coming alignment.

The **TEMPORARY DISTRICT PRESIDENTS** have been identified on the 2026-28 alignment documents; highlighted in yellow. *Once alignments become official (after Nov 1), this individual will be responsible for calling a District Organizational Meeting of your 2026-2028 Athletic Districts.* 

The TAPPS Office has created a District Executive Committee resource landing page to assist you and your district as you organize and plan for the 2024-2026 athletic seasons:
