

### **Non-aligned TAPPS Participation**

A school may choose to play a non-TAPPS aligned (nonaligned) schedule. All TAPPS rules shall apply to the team regardless of the level of play designated for their opponents. The non aligned status shall remain in effect for the two year alignment cycle.

The school team shall be considered a varsity team and as such subject to all TAPPS eligibility governance requirements. Eligibility rules include but are not limited to the following:

- **Section 80**                      **Students not Living with Parents**
- **Section 81**                      **High School Graduates**
- **Section 82**                      **Full Time Day Students**
- **Section 83**                      **Regular Attendance**
- **Section 84**                      **Four Years in High School**
- **Section 85**                      **Students not yet in High School**
- **Section 102**                    **International Students**
- **Section 104**                    **Transfer Students**

In all team sports, the non-aligned team is subject to all season limitations included in the TAPPS By-Laws. These limitations include playing dates and season game limits for scrimmage, games and tournaments.

The school shall be in compliance with all rules regarding the establishment of coach, student and team eligibility in the TAPPS database. This includes completion and upkeep of the following:

- **Establish Coach Profiles in the TAPPS Database**
- **Completion of all Coach Education Requirements**
- **Execution of TAPPS Coach Acknowledgement of Rules**
  
- **Establish Student Profiles in the TAPPS Database**
- **Completion of the Student / Parent Acknowledgment of Rules**
- **Obtain and maintain current student medical history and physical forms**

- **Establish Eligibility Rosters in the TAPPS Database for high school students participating at any level - sub varsity or varsity**
- **Establish Team Rosters in the TAPPS Database for all established teams**
- **Enter schedules in the TAPPS Database**
- **Enter all scores in the TAPPS Database**

The following conditions apply in regards to awards and “postseason” participation.

- Schools participating with non-TAPPS aligned schedules are not eligible for postseason honors.
- The team is not eligible to participate in any “championship” contest arranged by parties outside of TAPPS whether prior to or after the district certification deadline in an activity.
- Student athletes are not eligible for All District, All State or other such honors whether administered by TAPPS or another organizing party.
- The school may nominate students for consideration of academic all state in keeping with section 139 of the TAPPS By-Laws.

Our school leadership agrees to the above conditions pertaining to participation as a nonaligned program for the 2024-26 alignment cycle. We further understand that return to aligned status will require our school to make an application to return which will be subject to review and approval by TAPPS leadership.
