

November 20, 2025

The TAPPS Executive Board reviewed and considered all appeals presented after the initial release of information. In addition, new school applications were approved for membership beginning with the 2026-28 alignment cycle. Those amendments are reflected in the final alignment presented on the TAPPS website.

With the districts affirmed, schools may begin their organizational meetings and schedule development. In football, TAPPS strongly recommends that the DEC develop clauses addressing schools which withdraw from district competition during the alignment cycle in accordance with TAPPS governance. TAPPS strongly recommends that contracts be obtained for both years of the football alignment for contests between two TAPPS member schools.

Please contact the TAPPS office as questions arise at 254-947-9268 or info@tapps.biz.

For the Board,

Bryan Bunselmeyer
Executive Director
