Date: December 2025

To: Football Championship Teams and Fans

From: TAPPS Executive Board

Welcome to the 2025 Football Championships. Congratulations to all our playoff teams and to the teams represented in the Championship games at Waco ISD Stadium.

We extend our special thanks to Waco ISD Stadium and their staff for their hospitality and for hosting our Championship event. Special thanks to the City of Waco, Waco TPID, Waco Convention and Visitors Bureau (CVB) and the Waco Sports Commission for their continued support of TAPPS.

As with all our championship events, it is the desire of the TAPPS Executive Board that the contest foster a spirit of fair play, good fellowship, true sportsmanship, and wholesome competition. We are certain that the athletes, coaches, and fans will represent the TAPPS motto of "Competition with Honor".

Our best wishes on a successful school year.

**COMPETITION WITH HONOR**

December 4, 2025

TAPPS wishes to express our appreciation for the continued support of the Texas Association of Sports Officials (TASO). The dedicated men and women of the chapters across Texas make our contests possible at all levels of play. The hours of training and continuing education are put to the test on a weekly basis as we move from scrimmages to the championships. Their enforcement of the rules of the game provides a level field of play for all participants.

Thank you to all our TASO officials who truly help to make the dreams of our student athletes come true. Thank you to the leadership of TASO and the leadership of the football division for their dedication to high school athletics.

For the Board,

A handwritten signature in black ink, reading "Bryan Bunselmeyer".

## RECOVER STRONG WITH CHOCOLATE MILK

When a range of athletes, including high school varsity athletes, recovered with chocolate milk instead of water or a standard sports drink, studies found that performance indicators like strength, speed and endurance significantly improved.

### Rehydrate

Natural electrolytes and 90% water replace fluids lost during training.

### Repair

Protein helps repair muscle damage accumulated during training.

### Replenish

Carbohydrates help replace glycogen used for energy during training.
